Before School:

The minibus will collect the children from Bug-A-Lugs at 8.40 am. The bus will drop the children off at Our Lady of the Rosary bus loop.

After school

children will meet at the office and be checked off the Bug-A-Lugs and school list. A Bug-A-Lugs educator will escort the children to the waiting bus and head to Bug-A-Lugs.

Please note

We work closely with the school to insure no child is left behind. You need to help us by making sure any last minute after school care booking in a current week is also communicated to the school so they can add your child to the bus list.

National Quality Ratings

We are proud to have had our assessment in Kyneton which we received an "Exceeding NQS".

For that extra piece of mind, The National Quality Standard sets a benchmark for the quality of all education and care services across Australia. Services are rated by their regulatory authority against the seven areas of the NQS to determine the level of quality being provided.

The process reflects a uniform approach to assessment and reporting across the range of service settings. Ratings promote transparency and accountability and help parents assess the quality of education and care of services available. Every service receives a rating for each quality area and an overall rating. There are four rating levels within the national quality rating with Exceeding being the highest rating
